Products

Siddhchakra Steels Pvt. Ltd., a reputed name one of India's distinguished Stockists, Importer and Suppliers of prime and secondary Mild steel, Carbon steel and Alloy Steel Round bar, Shafts, Hollow Shafts and Seamless Pipes.

We have pleasure to introduce ourselves one of the leading Stockists, Importers & Suppliers of

- 1. Mild Steel, Carbon Steel and Alloy Steel Round bar and shafts Dia 100 mm to 1200 mm**
- 2. Mild Steel & Carbon Steel Seamless pipes OD 100 mm to 1000 mm (Wall Thickness 10 mm & Above)**
- 3. we are also interested in secondary & surplus steel shafts and seamless pipes also.**

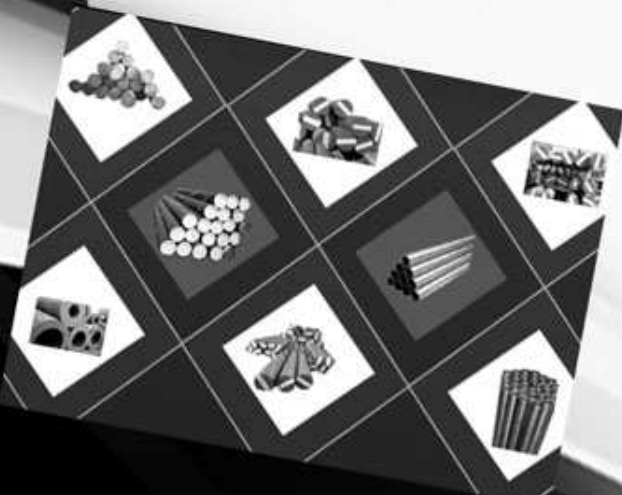

Mild Steel

Iron-carbon alloy containing less than 0.25 percent carbon which makes it more ductile and less hard thus rendering it unsuitable for structural work

Carbon Steel

Carbon steel, also called plain carbon steel, is a malleable, iron-based metal containing carbon, small amounts of manganese, and other elements that are inherently present. Steels can either be cast to shape or wrought into various mill forms from which finished parts are formed, machined, forged, stamped, or otherwise shaped.

Alloy Steel

A steel to which one or more alloying elements other than carbon have been deliberately added (e.g. chromium, nickel, molybdenum) to achieve a particular physical property.

Ship Shafts and Round Bar
